Dear Bert,

Well, hope you had a good time at home, Paris before resuming the work with FACET after the INSEF workshop in Bangalore.

Thank you very much for being the course director to the workshop for the dissemination of information about enterprise financing to serve among the grass-root level marginalized mass.

It was really worthwhile for me to attend the workshop. The topics dealt with are quite relevant to the area of work. I gained a lot out of it and I can equip myself to meet the challenges ahead in the coming years.

In the meantime I had written a letter to Director FACET, asking for more details about FACET and the training programmes offered. Hope he will respond positively.

Thanking you,

Yours sincerely,

(A. SELWYN ROSE)
